

SERIES BIG IDEA:

Declare God's greatness. Surrender to Him. Depend upon Him.

TEACHING BIG IDEA:

Father, we depend upon Your provision for today. Help me be content with what I have and, with my excess, may I be generous to those in need.

TALK IT OVER:

As you look back at last weeks group, what was your biggest take away?

Share about a time when you felt satisfied with life and a time when you didn't. What was the difference?

Are you the type of person who is always striving for more? Do you feel like you could be content if your current station in life didn't change? Why or why not?

What do you feel about the following statements by Charles Spurgeon - "You say, 'If I had a little more, I should be very satisfied.' You make a mistake. If you are not content with what you have, you would not be satisfied if it were doubled." and John Piper - "God is most glorified in us when we are most satisfied in Him."?

Read John 6:32-35. Do you feel that Jesus is enough for you to be satisfied? Why or why not?

How can this group encourage you in your prayer life? What is a next step you can take this week?
