

BETHEL CHRISTIAN OUTREACH MINISTRIES MASAKA-UGANDA.

BRIEF UPDATE FROM OUR MINISTRY ENGAGEMENTS

Praise the Lord from whom all blessings flow!

It is a privilege to again brief you about our ministry engagements.

As a church family, we are still committed to the great commission and as a result, souls are won to Jesus, lives and families supported, impacted and transformed by the gospel of Jesus.

We are going to briefly talk about the following areas;

- Children's Ministry
- Evangelism outreach
- Tailoring ministry
- Bible school Ministry.
- Family food package outreach ministry.

CHILDREN'S MINISTRY

As you are aware, at church, every Saturday is a special day for Discipling our Children from both the Church and the rest of the community.

Children are given a special delicious meal and a drink, some of these children are only able to feed on this kind of meal once a week when they come to Church due to the prevailing high prices of food in our country that has led to many families do without a proper meal. Many children in the communities are malnourished due to poor feeding at home.

These children are also exposed to systematic and intentional Bible study lessons. As a result, many of them have joined Sunday school and they are being disciplined to become fulfilled adult and mature Christians.

This has also caused tremendous moral and behavioral change among our Children.

Our children can boldly minister in our church Sunday services, Praise God!
We also engage them in sports activities such that they may have a physical healthy body, social skills, talent development and mind relaxation.

EVANGELISM OUTREACHES.

It is a command from our Lord Jesus Christ to go and preach the gospel. As a church family, we have resolved not to sit down in the comfort of our homes and church building but to go and reach out to the lost souls. By the grace of God, during this period, we have been able to preach to many souls and many have believed the gospel, however, 13 souls have been added to our number, baptized and have been disciplined through the new believers class that we began a few months ago.

Our desire is to have a great spiritual and numerical increase in our Church family.

TAILORING MINISTRY

In the month of February, our learners were excited to share skills with another Tailoring center in another community distant from us, this was aimed at building a relationship with other skills centers and also learning new ideas and skills in the same line of tailoring.

BIBLE SCHOOL MINISTRY

Our Bible school training centers are still running in the different regions of Uganda.

Our desire is to equip ministers in the Basics of ministry for more effectiveness.
Thanks be to God that the response has been promising.

FAMILY FOOD OUTREACH MINISTRY

It is a privilege to be able to reach out to families with food supplies, the gospel of action is being preached.

Due to financial struggles, we have found out that the average family in Uganda finds it hard to get 3 meals a day (breakfast, lunch and dinner) so this food support is so important.

BLESSINGS TO THE WESTSIDE FAMILY CHURCH.
